SUMMARY

Frontend Developer with hands-on experience building responsive web applications using React and Next.js. Strong foundation in JavaScript, modern CSS, and UI/UX principles. Background in engineering gives me an edge in debugging and structured problem-solving.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3
Frontend: React.js, Next.js, Tailwind CSS, Responsive Design
Tools: Git, GitHub, VS Code, Postman, Vercel

PROJECTS

Personal Portfolio Website — *Next.js, Tailwind CSS, Vercel* | Live

- Designed and developed a full portfolio site from scratch using Next.js 14 and Tailwind CSS.
- Implemented dark/light mode toggle, smooth scroll navigation, and fully responsive layout across all screen sizes.
- Deployed on Vercel with optimized image loading and improved Core Web Vitals performance.

EXPERIENCE

Automation Technology Intern — Andritz Hydro *Jan 2025 – May 2025*

- Worked on SCADA systems and PLC-based automation for hydro power plant operations.
- Collaborated cross-functionally to troubleshoot control system faults and reduce downtime.
- Gained exposure to industrial software architecture — systematic debugging approach now applied to frontend development.

EDUCATION

B.Tech in Electronics & Communication Engineering *2021 – 2025*
Deenbandhu Chhotu Ram University of Science & Technology
